

## TOXICOLOGICAL APPROVAL

### ACMI PRODUCT EVALUATION: DRY STONEWARE GLAZES

Test Requested: LHAMA & TRA (US, CAN, EU) & Proposition 65 Ingredient Review  
Action Requested: New Product Evaluation  
Sample No(s): (5120)085-0057  
Manufacturer: Coloramics LLC  
Brand Name(s): DRY STONEWARE GLAZES  
Licensee(s): NA  
Product Category: Ceramics - Glaze  
Colors: 115 (see table of colors)  
Intended Age: General purpose  
Product Type: Powder  
Net weight or volume: 5 lb per color  
Date: April 8, 2021

**LHAMA & TRA (US):** The product, *DRY STONEWARE GLAZES*, was evaluated by a qualified toxicologist for both acute and chronic hazards according to the requirements of ASTM D-4236, 16 CFR Part 1500.14(b)(8) "Art Materials", 16 CFR 1500.3(b)(5), (7)-(9) (Federal Hazardous Substances Act regulations), and 16 CFR 1500.135.

**TRA (CAN):** The product, *DRY STONEWARE GLAZES*, was evaluated by a qualified toxicologist for both acute and chronic hazards according to the requirements of the Consumer Chemicals and Containers Regulations, 2001 (SOR/2001-269, as amended) and the Canada Consumer Product Safety Act (S.C. 2010, c. 21).

**TRA (EU):** The product, *DRY STONEWARE GLAZES*, was evaluated by a qualified toxicologist for both acute and chronic hazards according to the requirements of Annex 1, Part 3 (Health Hazards) of regulation 1272/2008/EC concerning the approximation of the laws, regulations and administrative provisions of the Member States relating to the classification, packaging and labeling of substances and mixtures.

The product, *DRY STONEWARE GLAZES*, consists of powder formulations intended for general arts and crafts purposes.

The following is a summary of test results and labelling requirements for the *DRY STONEWARE GLAZES*.

***CLEAR (SD001), ZINC FREE CLEAR (SD004), WROUGHT IRON (SD111), TIGER'S EYE (SD112), SPECKLED PLUM (SD113), CINNABAR (SD119), NORTHERN WOODS (SD120), SMOKE (SD121), SAPPHIRE (SD123), PURPLE MINT (SD125), COPPER JADE (SD130), BIRCH (SD131), EGGPLANT (SD134), CELADON BLOOM (SD150), BLUE SPATTERWARE (SD152), SHIPWRECK (SD154), GALAXY (SD156), BLUE HYDRANGEA (SD170), ENCHANTED FOREST (SD171), FOOL'S GOLD (SD178), TURQUOISE (SD201), ROOTBEER (SD203), AMBER TOPAZ (SD204), MELON (SD206), CHAMBRAY (SD207), CHARCOAL (SD209), GLACIER BLUE (SD211), PEACOCK (SD212), GLOSS YELLOW (SD502), GLOSS ORANGE (SD503), GLOSS RED (SD504), GLOSS PURPLE (SD505), GLOSS BRIGHT BLUE (SD506), GLOSS BRIGHT GREEN (SD507), GLOSS BLACK (SD508), CORAL (SD205)***

<b>Test</b>	<b>Result &amp; Additional Notes</b>
LHAMA – ASTM D-4236	Product is classified as toxic (chronic).
TRA (US) – 16 CFR 1500.3(b)(5), (7)-(9) & 16 CFR 1500.135	Product is not classified as toxic (acute), corrosive, a skin/eye irritant, or a strong sensitizer.  Product is classified as toxic (chronic).
California Proposition 65 Ingredient Review	Product contains silica, crystalline (airborne particles of respirable size) and/or titanium dioxide (airborne, unbound particles of respirable size), chemicals known to the State of California to cause cancer.
List of Banned Hazardous Substances - 16 CFR 1500.17	The ingredients are not listed under 16 CFR 1500.17.
Total Lead	Pass
Flammability – 16 CFR 1500.3(b)(10)	NA
Label Review	The product label template ( <i>i.e.</i> , PRINT 3) was reviewed, and the cautionary labeling is considered compliant.
TRA (CAN) – Consumer Chemicals and Containers Regulation (CCCR) (SOR/2001-269, as amended)	Product is classified as not very toxic, toxic or harmful (acute), not a skin or eye irritant, and not corrosive to the skin and eyes.
TRA (CAN) – Canada Consumer Product Safety Act (S.C. 2010, c. 21)	Product is not corrosive.  Product is toxic (chronic).
TRA (EU) – Regulation 1272/2008/EC [Annex 1, Part 3 (Health Hazards)]	Product is not expected to be toxic (acute), corrosive or irritating to the skin, damaging or irritating to the eye, sensitizing, mutagenic, carcinogenic, toxic to reproduction, or toxic to specific target organs (acute).  Product is expected to be toxic to specific target organs (chronic).

The following label is appropriate for the color formulations listed above:

**CL (Cautionary Labeling):** The color formulations listed above must be properly labeled for known health risks [*i.e.*, chronic toxicity (*i.e.*, specific target organ toxicity, repeated exposure – may cause damage to organs through prolonged or repeated exposure)] and with information on the safe and proper use of these materials. These color formulations should be labeled in accordance with the Federal Hazardous Substance Act (FHSA) 15 U.S.C 1261 – 1278 (p)(1), the chronic hazard labeling standard, ASTM D 4236, and the U.S. Labeling of Hazardous Art Materials Act (LHAMA).

In accordance with the FHSA, these color formulations should be labeled with the signal word “WARNING”, the hazard statement “MAY CAUSE DAMAGE TO ORGANS THROUGH PROLONGED OR REPEATED EXPOSURE”, and the chemical name “Silica, crystalline”

Further details regarding labelling requirements, precautionary measures and first-aid treatment for these color formulations are provided in the TRA/LHAMA assessment report.

**Proposition 65 Labeling:** These color formulations contain silica, crystalline (airborne particles of respirable size) and/or titanium dioxide (airborne, unbound particles of respirable size), chemicals known to the State of California to cause cancer. The following warning is recommended:

WARNING: This product can expose you to chemicals including silica, crystalline (airborne particles of respirable size) and/or titanium dioxide (airborne, unbound particles of respirable size), which are known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**Label Review:** The product label template (*i.e.*, PRINT 3) was reviewed, and the cautionary labeling is considered compliant.

**SATIN PATINA (SD164), ANTIQUE BRASS (SD182), OXBLOOD (SD183), SPECKLED TOAD (SD184)**

Test	Result & Additional Notes
LHAMA – ASTM D-4236	Product is not classified as toxic (chronic).
TRA (US) – 16 CFR 1500.3(b)(5), (7)-(9) & 16 CFR 1500.135	Product is not classified as toxic (acute/chronic), corrosive, a skin/eye irritant, or a strong sensitizer.  Product is classified as a gastrointestinal irritant as a result of acute oral exposure.
California Proposition 65 Ingredient Review	Product contains silica, crystalline (airborne particles of respirable size) and/or titanium dioxide (airborne, unbound particles of respirable size), chemicals known to the State of California to cause cancer.

Test	Result & Additional Notes
List of Banned Hazardous Substances - 16 CFR 1500.17	The ingredients are not listed under 16 CFR 1500.17.
Total Lead	Pass
Flammability – 16 CFR 1500.3(b)(10)	NA
Label Review	The product label template ( <i>i.e.</i> , PRINT 1) was reviewed, and the cautionary labeling is considered compliant.
TRA (CAN) – Consumer Chemicals and Containers Regulation (CCCR) (SOR/2001-269, as amended)	Product is classified as not very toxic, toxic or harmful (acute), not a skin or eye irritant, and not corrosive to the skin and eyes.  Product is classified as a gastrointestinal irritant as a result of acute oral exposure.
TRA (CAN) – Canada Consumer Product Safety Act (S.C. 2010, c. 21)	Product is not toxic (chronic), corrosive.
TRA (EU) – Regulation 1272/2008/EC [Annex 1, Part 3 (Health Hazards)]	Product is not expected to be toxic (acute), corrosive or irritating to the skin, damaging or irritating to the eye, sensitizing, mutagenic, carcinogenic, toxic to reproduction, or toxic to specific target organs (chronic).  Product is expected to be toxic to specific target organs (acute).

The following label is appropriate for these color formulations:

**CL (Cautionary Labeling):** The products, *DRY STONEWARE GLAZES [SATIN PATINA (SD164), ANTIQUE BRASS (SD182), OXBLOOD (SD183), SPECKLED TOAD (SD184)]*, must be properly labeled for known health risks (*i.e.*, gastrointestinal irritation as a result of acute oral exposure) and with information on the safe and proper use of these materials. These color formulations should be labeled in accordance with the Federal Hazardous Substance Act (FHSA) 15 U.S.C 1261 – 1278 (p)(1), the chronic hazard labeling standard, ASTM D 4236, and the U.S. Labeling of Hazardous Art Materials Act (LHAMA).

In accordance with the FHSA, these products should be labeled with the signal word “WARNING”, the hazard statement “IRRITATING TO THE GASTROINTESTINAL TRACT IF SWALLOWED”, and the chemical name “Soluble Copper”.

Further details regarding labelling requirements, precautionary measures and first-aid treatment for these products are provided in the TRA/LHAMA assessment report.

**Proposition 65 Labeling:** The products, *DRY STONEWARE GLAZES [SATIN PATINA (SD164), ANTIQUE BRASS (SD182), OXBLOOD (SD183), SPECKLED TOAD (SD184)]*, contain silica, crystalline (airborne particles of respirable size) and/or titanium dioxide (airborne, unbound particles of respirable size), chemicals known to the State of California to cause cancer. The following warning is recommended:

**WARNING:** This product can expose you to chemicals including silica, crystalline (airborne particles of respirable size) and/or titanium dioxide (airborne, unbound particles of respirable size), which are known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**Label Review:** The product label template (*i.e.*, PRINT 1) was reviewed, and the cautionary labeling is considered compliant.

***OLIVINE (SD127), OLIVE FLOAT (SD151), EMERALD (SD210)***

<b>Test</b>	<b>Result &amp; Additional Notes</b>
LHAMA – ASTM D-4236	Product is classified as toxic (chronic).
TRA (US) – 16 CFR 1500.3(b)(5), (7)-(9) & 16 CFR 1500.135	Product is not classified as toxic (acute), corrosive, a skin/eye irritant, or a strong sensitizer.  Product is classified as toxic (chronic), and a gastrointestinal irritant as a result of acute oral exposure.
California Proposition 65 Ingredient Review	Product contains silica, crystalline (airborne particles of respirable size) and/or titanium dioxide (airborne, unbound particles of respirable size), chemicals known to the State of California to cause cancer.
List of Banned Hazardous Substances - 16 CFR 1500.17	The ingredients are not listed under 16 CFR 1500.17.
Total Lead	Pass
Flammability – 16 CFR 1500.3(b)(10)	NA
<b>Label Review</b>	<b>Pending</b>
TRA (CAN) – Consumer Chemicals and Containers Regulation (CCCR) (SOR/2001-269, as amended)	Product is classified as not very toxic, toxic or harmful (acute), not a skin or eye irritant, and not corrosive to the skin and eyes.  Product is classified as a gastrointestinal irritant as a result of acute oral exposure.
TRA (CAN) – Canada Consumer Product Safety Act (S.C. 2010, c. 21)	Product is not corrosive.  Product is toxic (chronic).
TRA (EU) – Regulation 1272/2008/EC [Annex 1, Part 3 (Health Hazards)]	Product is not expected to be toxic (acute), corrosive or irritating to the skin, damaging or irritating to the eye, sensitizing, mutagenic, carcinogenic, or toxic to reproduction.  Product is expected to be toxic to specific target organs (acute/chronic).

The following label is appropriate for the color formulations listed above:
