3. When glaze is dry to the touch, place the pattern on the tile.
4. Using very light pressure, trace over the pattern with the pencil.
5. Using the Detail Liner, coat bristles with liquid soap, then use AC302 Wax Resist to outline the pattern on the tile.
6. Using the Script Liner with SG202 White Cobblestone, apply 3 coats to each section of the pattern (not the background). Allow glaze to lose its shine before applying the 2nd and 3rd coats. Wait for the 3rd coat to lose its shine before moving on to Step #7.
