INSTRUCTIONS

1. Begin with properly fired shelf cone 04 bisque. Moisten a clean sponge and wipe bisque to remove any dust.
2. Using a Soft Fan brush, apply 3 coats of alternating "plops" of Clear Cascade and White Cascade. If they overlap some, that is okay.
3. Apply 2 coats of Fruit of the Vine as dots into each "plop" and along the rim/edge of the bowl with a Script Liner.
4. Apply 2 coats of Sand Dollar with a Soft Fan brush to the inside and outside of the bowl avoiding the foot.
5. Fire to cone 6. Do not stilt.

Note: Sand Dollar can run especially with increased application (the thicker the coat the more movement). Receding coats is suggested.
