QUALITY
BRUSHES

PERFECT TOUCH™ BRUSHES

Perfect Touch™ brushes are manufactured with kiln dried birch hardwood handles that have five hand-dipped coats of lacquer and sealer to resist moisture, finished with triple crimped, nickel plated, seamless, Cupro brass ferrules that offers longer life and resists corrosion. Our Perfect Touch™ Brushes come in a variety of sizes to aid in design and glazing application.

REFLECTIONS™ BRUSHES

Reflections™ Acrylic Handle Brushes were designed to prevent paint peeling and flaking off of brush handles. Carefully designed with Golden Taklon brush heads with a properly balanced handle and ferrule creates a superior ceramic brush.

ACRYLIC BRUSHES

Mayco's premium acrylic brush line is made with special honey brown synthetic bristles and a bright red matte handle. Offered in a variety of sizes to aid in smooth, solid coverage of Mayco's non-fired products such as Duncan Bisq-Stain® or Magic Metallics™.

DRY BRUSHES

Made with natural white bristles and a matte black handle, Mayco's dry brushes are ideal for layering colors and detailing. The various sizes allow users to control the placement of color and decorative painting.

OVERGLAZE BRUSHES

Our overglaze brush line is the highest quality in the industry. Each brush handle is colored separately to match the overglaze it is used for to prevent cross-contamination.

How to Use

Quickly transfer detailed designs by combining AC310 Silkscreen Medium with any color of Stroke & Coat®, Fundamentals® Underglaze, Designer Liner, or acrylic paint to create a paste which is pushed through the screen onto a surface. Use as an outline or fill in the images with color.
